COINING PERFECTION

The most inspiring and creative elements of nature are present within the new Designer Slats. Our collection of large formats sharpens the senses to generate an intense connection with the environment through their designs, finishes and textures which help to eradicate normality. The classic and imperishable beauty and the organic warmth of wood come together to inspire a whole selection of designs of timeless elegance. The veins and imperfections of this noble material give the Designer Slats a greater range of sophistication and prominence, while the warmer and more ornamental wood adds a new value of distinction to the room. Two different proposals, two different styles developed to the highest quality standards that allow the designer to create rooms full of everlasting dynamism
